

Bridge NY 2023 – Applications by County  
January 30, 2024

The Transportation Council received 19 applications for Bridge NY funding. Each candidate bridge was evaluated by Transportation Council staff using the methodology approved by Policy Board in December, 2023. The tables below list candidate bridges by county, ranked from highest evaluation score to lowest. Bridges highlighted in green are recommended for funding.

Albany County (\$2,870,000 available)

Albany County was the only applicant and may receive the full \$2.87M available. The County stated that they will commit to funding the remaining amount needed for the CR 53 Bridge.

Name	Sponsor	BIN	Total Cost	Federal Share	Total Score
South Albany Road (CR 53) Bridge over Onesquethaw Creek	Albany County	3301020	\$ 5,050,000	\$ 4,750,000	34.1
County Road 111 over Alcove Spillway (Hannacrois Creek)	Albany County	3301070	\$ 2,655,000	\$ 2,520,000	33.8
CR 111 over Hannacrois Creek Bridge Rehabilitation	Albany County	3301090	\$ 1,486,800	\$ 1,412,460	28.4

Rensselaer County (\$7,860,000 available)

The three highlighted bridges can be funded for \$7.405M. We recommend skipping Johnny Cake Lane over Wynantskill Creek as the Town of Sand Lake has an existing Bridge NY project and Rensselaer County does not.

Name	Sponsor	BIN	Total Cost	Federal Share	Total Score
Replacement of the Brookview Station Road Bridge	Town of Schodack	2202010	\$ 2,200,000	\$ 2,090,000	58.2
