

## Draft 2022-27 CDTC TIP Candidate Project Information: Pavement Preservation

Project ID	Sponsor	Project Name	Project Location	Sponsor Priority (by Project Category)	Fund Source Eligibility	Design Year	Construction Year	Cost (\$M) (Matched and Inflated)	Total Benefits (\$k) per year	Annualized Cost (\$k)	Benef B/C Ratio	fit/Cost B/C Capped	Merit Ca Merit total	ategories Merit scaled	Project
32	NYSDOT	I-90 Pavement Resurfacing I-87 To Corporate Woods	I-90, I-87 to Corporate Woods.	12	NHPP, STP- FLEX, STP-URB	2nd year (2023- 2024)	3rd year (2024-2025)	4.485	33,530.81	461.83	72.6	50.0	21.0	13.8	63.8

Description: Pavement Resurfacing is the major scope of work with Guiderail installation to meet current standards and Large Ground Mounted Sign Replacements. Restore the pavement to a state of good repair for a period of 12-15 years using cost effective techniques to minimize the life cycle cost of maintenance and repair.

Notes:

31	NYSDOT	I-90 Pavement	I-90, Corporate Woods To I-787	13	NHPP, STP-	2nd year	3rd year	4.140	32,952.11	426.30	77.3	50.0	20.0	13.2	63.2
		Resurfacing Corporate			FLEX, STP-URB	(2023-	(2024-2025)								
		Woods To I-787				2024)									

Description: Pavement Resurfacing is the major scope of workwith Guiderail installation to meet current standards and Large Ground Mounted Sign Replacements. Restore the pavement to a state of good repair for aperiod of 12-15 years using cost effective techniques to minimize the life cycle cost of maintenance and repair.

Notes:

27	NYSDOT	I-87 Pavement	I-87, Western Ave to Mohawk River (Twin	7	NHPP, STP-	2nd year	3rd year	14.331	67,282.43	1,475.58	45.6	45.6	19.0	12.5	58.1
		Resurfacing from Western Avenue to the	Bridges)		FLEX, STP-URB	(2023- 2024)	(2024-2025)								
		Mohawk River				2024)									

Description: Pavement Resurfacing is the major scope of work with Guiderail installation to meet current standards and Large Ground Mounted Sign Replacements. Restore the pavement to a state of good repair for a period of 12-15 years using cost effective techniques to minimize the life cycle cost of maintenance and repair.

Notes:

51	NYSDOT	Rt. 5 Central Ave Drainage Repair and	Route 5, Albany City Line to Route 155	9	NHPP, STP- FLEX, STP-	2nd year (2023-	3rd year (2024-2025)	11.130	31,496.10	1,145.98	27.5	27.5	27.0	17.8	45.3
		Pavement Resurfacing			URB, Possible	2024)									
		Part 2			HSIP										

Description: Pavement Resurfacing and ADA Curb Ramp Upgrades, and Lane Width Reductions to allow for a wider shoulder. The minor scope of work will include closed drainage system repairs. Restore the pavement to a state of good repair for a period of 12-15 years.

Notes:

3	0	NYSDOT	I-890 Resurfacing from I- I-890, I-90 Exit 25 to Broadway/Erie Blvd	14	NHPP, STP-	2nd year	3rd year	5.342	12,638.41	550.07	23.0	23.0	20.0	13.2	36.2
			90 Exit 25 to		FLEX, STP-URB	(2023-	(2024-2025)								
			Broadway/Erie Blvd			2024)									

Description: Pavement Resurfacing is the major scope of work with Guiderail installation to meet current standards and Large Ground Mounted Sign Replacements. Restore the pavement to a state of good repair for a period of 12-15 years using cost effective techniques to minimize the life cycle cost of maintenance and repair.

Descript	ion: The pro		ent is anticipated to consist of performing a cold in p	place recycle, placin	g a true and level	ing to correct	cross slope and	improve surfac	e runoff as need	ded and then p	placing a r	new 2" to	p course p	pavemen	t. In
No	additio tes:	on new 5' shoulders will be a	dded to the roadway segment from US 9 (Saratoga I	Road) to CR 34 (Nor	thern Pines Road)	). Damaged gu	ide rail and non	-MUTCD compl	iant signage wil	l be replaced.					

bike lanes along both sides of the road and at all intersections providing ADA accessible ramps with detectable warning fields and high-visibility crosswalks.

## Notes:

44	NYSDOT	Route 5 (Central Ave.) Pavement Resurfacing and Drainage Repairs -	Route 5, Schenectady County Line to Route 155	8	NHPP, STP- FLEX, STP- URB, Possible	1st year (2022- 2023)	3rd year (2024-2025)	8.349	11,709.95	859.59	13.6	13.6	26.0	17.1	30.7
		Part 1			HSIP	,									

Description: Pavement Resurfacing and ADA Curb Ramp Upgrades, and Lane Width Reductions to allow for a wider shoulder. The minor scope of work will include closed drainage system repairs. Restore the pavement to a state of good repair for a period of 12-15 years using cost effective techniques to minimize the life cycle cost of maintenance and repair.

## Notes:

10	City of	City of Cohoes Bridge	Bridge Ave from 1st St to Park Ave	2	STP-FLEX, STP-	1st year	2nd year	1.210	1,402.76	124.56	11.3	11.3	25.0	16.4	27.7
	Cohoes	Avenue Pedestrian			URB	(2022-	(2023-2024)								
		Accessibility				2023)									
		Enhancements													

Description: The project will include the reconstruction of existing sidewalks, ADA-compliant transitions and green infrastructure improvements on both sides of Bridge Avenue from First Street to Park Avenue. The project will also mill and fill the street, install new granite curbs, and add visible and appropriate striping treatments.

## Notes:

71	dy County		Nott Street/County Route 6 from Clifton Park Road to City/Town line	1	STP-FLEX, STP- URB	2nd year (2023- 2024)	3rd year (2024-2025)	0.878	1,146.90	119.25	9.6	9.6	17.0	11.2	20.8
----	-----------	--	--	---	-----------------------	-----------------------------	-------------------------	-------	----------	--------	-----	-----	------	------	------

Description: This project includes replacing the existing pavement via hot-in-place recycling and thin overlay. In addition this project includes ADA accessible curb ramps with detectable warning fields, high-visibility crosswalks at all intersections, and replacement of approximately 10% of the existing sidewalks that are in poor condition.

Description: Repair the side slope supporting the highway and resurface the pavement. This section will benefit from a deep patch repair, this repair requires excavating the slope and part of the pavement about 4 to 4 feet deep and rebuild it with an appropriate fill and layers of Geogrid Reinforcement.
