EXECUTIVE SUMMARY	ES-1
Short Term Strategies	ES-2
Long Term Strategies.....	ES-6
Implementation	ES-8
CHAPTER 1. INTRODUCTION.....	1-1
Overview.....	1-1
Research Process	1-5
Report Organization	1-7
CHAPTER 2. EXISTING CONDITIONS.....	2-1
Overview.....	2-1
Existing Transit Services	2-13
Transportation Demand Management and Parking	2-14
Roadway Network	2-16
Environmental Justice.....	2-19
CHAPTER 3. RECOMMENDED TRANSIT STRATEGIES.....	1
Overview.....	3-1
Short Term Recommendations	3-1
Longer Term Strategies.....	3-7
CHAPTER 4. TRANSPORTATION DEMAND MANAGEMENT AND PARKING PROGRAMS	4-1
Short Term Strategies	4-1
CHAPTER 5. NON-MOTORIZED TRANSPORTATION AND ROAD NETWORK	5-1
Short-Term Recommendations – Harriman Campus	5-2
Short-Term Recommendations – Wider Study Area	5-11
Long Term Strategies.....	5-20
CHAPTER 6. WAYFINDING AND ACCESS MANAGEMENT	6-1
Overview.....	6-1
Wayfinding.....	6-1
Access Management	6-2
CHAPTER 7. IMPLEMENTATION	7-1
Overview.....	7-1
Establish Area Transportation Management Association (TMA)	7-1
APPENDIX A: STUDY ADVISORY COMMITTEE MEMBERS	
APPENDIX B: COMMENTS RECEIVED AT MARCH 7 PUBLIC MEETING AND STUDY TEAM RESPONSE	
APPENDIX C: LIST OF REPORTS AND STUDIES REVIEWED	
APPENDIX D: HOT SPOT ANALYSIS	

Table of Figures

	PAGE
Figure ES-1 Potential Transportation Spine Alignment	ES-3
Figure ES-2 Brevator Street with Median and Bicycle Lanes	ES-7
Figure ES-3 Implementation of Proposed Strategies	ES-10
Figure 1-1 Planning Principles Map	1-4
Figure 2-1 Existing Land Uses.....	2-3
Figure 2-2 Existing Transit Services Map	2-5
Figure 2-3 Existing Traffic Volumes and Level of Service.....	2-7
Figure 2-4 Existing and Proposed Vehicle and Non-Motorized Network	2-9
Figure 2-5 Location of Environmental Justice Populations in Study Area.....	2-11
Figure 3-1 Proposed Short-Term Transit Service Improvements	3-3
Figure 3-2 Proposed Long-Term Transit Service Improvements	3-5
Figure 5-1 Hot Spot Locations, Implementation Time Frames and Affected Campuses	5-2
Figure 5-2 Proposed Turnarounds on Harriman Campus for Closing.....	5-4
Figure 5-3 Sidewalk and Guard Rail on Bridge over Washington Avenue.....	5-5
Figure 5-4 Excess Roadway Width on Exit Road at Brevator Street	5-5
Figure 5-5 No Crosswalk across Brevator Street	5-6
Figure 5-6 Short-term Concept Plan	5-7
Figure 5-7 Belvedere Avenue (note median in distance).....	5-7
Figure 5-8 Merge Location on Outer Ring Road - Option 1	5-10
Figure 5-9 Merge Locations on Outer Ring Road - Option 2	5-11
Figure 5-10 Two-way Left Turn Lane on Fuller Road.....	5-12
Figure 5-11 Discontinuous Sidewalks on Fuller Road	5-12
Figure 5-12 East Side of Fuller Road at Cemetery	5-12
Figure 5-13 West Side of Fuller Road at Cemetery	5-13
Figure 5-14 Proposed Medians along Fuller Road.....	5-14
Figure 5-15 Sample Detail of Proposed Median, Left Turn Lane and Crosswalk along Fuller Road.....	5-15
Figure 5-16 Fuller Road Dimensions	5-15
Figure 5-17 "Sharrow" Markings - Shared Vehicle-Bicycle Lane	5-16
Figure 5-18 Potential BRT Alignment.....	5-17
Figure 5-19 Proposed Sections of Ring Roads to be Eliminated	5-23
Figure 5-20 Proposed Primary Roadway Network.....	5-25
Figure 5-21 Conceptual Primary & Secondary Roadway Network.....	5-26
Figure 5-22 Brevator Street Dimensions.....	5-30
Figure 5-23 Brevator Street with Median and Bicycle Lanes	5-30
Figure 5-24 Long-term Concept Plan	5-31
