Dear Mr. Franchini:

The City of Saratoga Springs is submitting an amendment for the above referenced project that is in the 2013-2018 Transportation Improvement program (TIP) for consideration by the Planning Committee at its next scheduled meeting. Dear Mr. Wales,

I am pleased to advise you that your request for Federal Fiscal Year (FFY) 2014 Highway Safety Improvement Program (HSIP) funds for the "Ballston Avenue Traffic Improvements" project has been approved in the amount of \$688,000. I am very happy that New York State Department of Transportation (NYSDOT) will be able to work with you on this project.

The NYSDOT Regional Planning and Program Manager (RPPM) for your area will contact you to discuss the next steps and assist you in getting your project added to the Metropolitan Planning Organization's Transportation Improvement Program (TIP), if it is not already there. The federal HSIP funds awarded are limited to the dollar amount identified above. Provision of local matching funds as well as cost over-runs are the responsibility of the sponsor. As indicated in the application submission materials, projects for HSIP FFY 14 funds must be delivered within this program period; meaning projects must be let in FFY 2014.

If you have any questions, please contact me at (518) 457-2452. Your participation in the Highway Safety Improvement Program (HSIP) is greatly appreciated. We are confident that your project and others in the program will help us address important safety needs in New York State.

Sincerely,
