

## **2013-2014 Community and Transportation Linkage Planning Program Proposals**

### **New Scotland Hamlet Zoning Refinements and Site Design Guidelines**

The Town of New Scotland is requesting consultant assistance with the development of zoning refinements and site design guidelines for the Hamlet of New Scotland. This project will implement recommendations in the Master Plan for the Hamlet of New Scotland. Zoning refinements will strike a balance between the study area's significance as the town's largest commercial zone, the importance of commercial development as a central component of a sustainable tax base, and the community's clear wishes for development in size and character that is in keeping with community character and the highly scenic nature of this area of town. Illustrated design guidelines will accompany the zoning changes to help regulate site design and protect the character of the community.

Requested Consultant Total: \$70,000 (\$52,500 federal, \$17,500 local cash match)  
Requested CDTC Staff Technical Assistance: \$5,000

### **Saratoga Springs Bicycle, Pedestrian and Public Transit Master Plan**

The City of Saratoga Springs is requesting consultant assistance with the development of a bicycle, pedestrian and public transit master plan. The project will assist the City with implementing its recently enacted Complete Streets policy and various local plans including the City's Comprehensive Plan, the Downtown Transportation Plan and the Route 50 Southern Gateway Study. The effort will produce mapping, policy recommendations, short and long term capital solutions as well as programmatic activities (education, encouragement, etc.)

Requested Consultant Total: \$60,000 (\$45,000 federal, \$15,000 local cash match)  
Requested CDTC Staff Technical Assistance: \$5,000

### **Stillwater Route 4 Zoning and Site Design Standards**

The Town of Stillwater is requesting consultant assistance with the development of zoning district revisions and site design guidelines for the Route 4 corridor. The project will assist the Town with implementing the Route 4 Corridor Plan as well as several other local plans. The goal will be to promote walkable mixed-use development where there is existing development and preserve rural and historical areas north of the Village and near the Saratoga Historic Battlefield.

Requested Consultant Total: \$90,000 (\$67,500 federal, \$22,500 local cash match)
