RE: Combination of S223 Guilderland Avenue from Broadway to Schenectady City Line (1759.95) & S224 Broadway, State to Millard (1759.96) – Pavement Preservation

Dear Mr. Franchini,

Please see the below request for a TIP amendment regarding projects S223 Guilderland Avenue from Broadway to Schenectady City Line (1759.95) & S224 Broadway, State Street to Millard Street (PIN 1759.96).

1. TIP #S223 Guilderland Avenue from Broadway to Schenectady City Line (1759.95) & TIP #S224 Broadway, State to Millard (1759.96) – Pavement Preservation

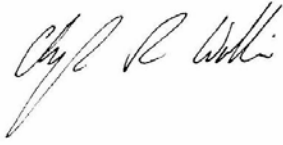

The City of Schenectady would like to request that the above referenced pavement preservation projects be combined into one TIP number to better facilitate completion of the project. Furthermore it is requested that the construction phases for both projects reflect that of TIP #S224 and be obligated in the upcoming federal fiscal year 2015-16 on the newly created combined project. Construction funding for TIP #S223 is currently shown in FFY 14-15.

It was the City's intent on our pavement preservation application package that all streets awarded by the CDTC planning committee would be completed as one federal aid project with design and construction proceeding concurrently. Combining the projects will ensure that this project proceeds in a more linear fashion from both a City and NYSDOT perspective. The City is aware that design must be obligated by September 15, 2015.
