

Amendments to the 2007-12 TIP

At its February 6, 2008 meeting, the CDTC Planning Committee recommended the following amendment to the Transportation Improvement Program.

1. A473 (1756.86) Albany Waterfront/Corning Preserve Improvements

This project was added to the TIP in May 2005 and funded with a Congressional earmark of \$0.250M of Section 330 funds, which the CDTC TIP shows as Miscellaneous Federal-Aid (FA). Since then, another Congressional earmark of \$6.0M has become available. This amendment adds the \$6.0M to the project.

CDTC uses Miscellaneous Federal-Aid (FA) to denote and group little-used fund sources in the TIP; and Demonstration Funds (Demo) to denote Congressional earmarks. The Section 330 fund source was originally shown as FA in the TIP because a specific fund source was cited in the amendment request. Now, however, Section 330 will be shown in the TIP as Demo because the earmark feature of these funds is more important to denote. The two Demo entries are shown separately below for clarity, but will be shown as one entry of \$6.250M in the TIP.
