

**Amendments to the 2013-18 TIP**

At its January 7, 2015 meeting, the CDTC Planning Committee recommended the following amendments to the Transportation Improvement Program (TIP).

**1. A321 (1125.18), NY 85, Thruway Bridge to I-90 Reconstruction**

This project has been approved as a "Beyond Preservation" project by the NYSDOT Main Office. The project has no federal funding in the five-year TIP program ("Post '18" is outside the five years). Therefore, it is not on the TIP, even though it appears in the project listings for information only. Therefore, this action adds the project to the TIP. Since these federal funds are not from CDTC or Region One planning targets, but are instead from the statewide NHPP, the fund source is denoted as NHPP-NY, in the TIP project listings.

| <u>TIP Project</u> | <u>Phase</u> | <u>Fund Source</u> | <u>Previous Year</u> | <u>Previous Amount</u> | <u>New Year</u> | <u>New Amount</u> |
|--------------------|--------------|--------------------|----------------------|------------------------|-----------------|-------------------|
| A321               | P            | SDF                | 13-14                | \$1.000M               | 13-14           | \$1.000M          |
|                    | D            | SDF                | 13-14                | 0.600                  | 13-14           | 0.600             |
|                    | C            | NHPP-NY            | Post '18             | 18.500                 | 14-15           | 21.500            |
|                    | CI           | NHPP-NY            | ---                  | ---                    | 14-15           | 1.960             |

**2. A525 (1808.21): NY 910D Washington Ave. Ext. Reconstruction**

This project has been approved as a "Beyond Preservation" project by the NYSDOT Main Office. The project has no federal funding in the five-year TIP program ("Post '18" is outside the five years). Therefore, it is not on the TIP, even though it appears in the project listings. Therefore, this action adds the project to the TIP. Since these federal funds are not from CDTC or Region One planning targets, but are instead from the statewide NHPP, the fund source is denoted as NHPP-NY, in the TIP project listings.
