

**Amendments to the 2010-15 TIP**

At its February 6, 2013 meeting, CDTC made the following amendments to the Transportation Improvement Program (TIP).

**1. T66 & T66A (1823.01), Welfare to Work**

CDTA has received more funds from FTA for this project. They also will be spending the funds differently, in order to make the spending more efficient. This change in spending will result in greater local match. Since the TIP project listings show matched funds, this also increases the funding shown. T66A is the Saratoga Springs portion of the funding. The TIP project listings show transit funding in the year the grant application is approved. For that reason, funding in the 2008-10 and 2010-11 federal fiscal periods are being amended.
