

Amendments to the 2016-21 TIP

At its April 3, 2019 meeting, the CDTC Planning Committee made the following amendments to the Transportation Improvement Program (TIP). Note that these changes have also been made to the draft 2019-24 TIP.

1. Rail Projects

NYS DOT has requested changes to some projects funded with HSIP Rail funding as noted below.

193336, Grade Crossing Upgrades: Various Locations in the Towns of Greenfield and Corinth: This project's construction funding of \$0.135M rolled off the TIP years ago (it was **SA294**). It turned out that the funds were obligated but never authorized. Based on the previous time this needed correction, \$1,000 needs to be added in 2018-19 as a way to allow the obligated construction funds to be authorized. This change will be made to the STIP only and will not show in CDTC's TIP project listings. Therefore, no funding information shows below.

Railroad crossing improvements, CSX, Install new automatic flashing lights and gates, Port Rd., Albany: This is a new project with funding details below. It currently has no PIN, but will be **A592**.

A591, 1933.61, NY 146 at SMS Rail Line MP 17.62: Grade Crossing Signal Upgrade: Funding changes as shown below.

S256, 1933.56, Lower Gregg Road Grade Crossing Signal Upgrade: Funding changes as shown below.
