

**Statewide Solicitation for Safety Projects
Highway Safety Improvement Program (HSIP) FFY16 – FFY20**

Introduction

The New York State Department of Transportation (NYSDOT) has issued a solicitation for safety projects to reduce fatal and serious injury crashes funded through the Highway Safety Improvement Program (HSIP). This statewide competition is being managed through the NYSDOT Main Office for roughly \$100 M in HSIP funds. The funding is contingent on an extension of MAP-21 or the passage of new federal legislation containing similar funding levels for HSIP. This solicitation will focus on funding safety projects that can be delivered in FFY18, FFY 19 and FFY20 (October 1, 2017 through September 30, 2020), but project that can be delivered in FFY16 and FFY17 (October 1, 2015 through September 30, 2017) will also be considered.

Process

All projects (state and local) are to be submitted to the Main Office from the Regional Planning and Program Manager by November 30, 2015. **Project sponsors within Region 1 should plan on submitting their applications to the region by the close of business on Friday, November 20, 2015.** This will allow time for regional staff to screen the applications, offer comments and request edits and/or additional supporting information.

Coordination with NYSDOT and CDTC in the development of a proposal is encouraged. Successful proposals will be consistent with the strategies and emphasis areas identified in the NYS Strategic Highway Safety Plan and have the highest benefit/cost ratios to reduce fatal and severe injury crashes. Both site specific and systemic projects will be considered. Mike Doody from NYSDOT Region 1 and Sandy Misiewicz of the CDTC staff are available to discuss potential projects. Crash Data is available from CDTC and NYSDOT Region 1 to municipalities by request through the NYSDOT Accident Location Information System.

HSIP Statewide Solicitation Timeline for FFY16-FFY20

Open HSIP Solicitation Conference Call	Early November
HSIP Solicitation Project Application due to NYSDOT Region 1	November 20, 2015
HSIP Solicitation Project Application due to Main Office from Region 1	November 30, 2015
HSIP Solicitation Project Approvals are provided to the Regions/MPOs for incorporation into the TIP/STIP	January 2016
