**Proposed TIP Amendment – SCOPE CHANGE
TIP Project No. R335 (NYS DOT PIN 1761.71) – CR 68 Pershing Avenue Resurfacing**

Dear Ms Misiewicz:

We are requesting an amendment to the above referenced TIP project for consideration by the Planning Committee at the November 3, 2021 meeting.

TIP PROJECT NUMBERS: R335

The amendment is proposed due to the following:

- Scope Change
- Cost Change
- Schedule Change
- Other

EXPLANATION FOR REQUESTED CHANGE:

Rensselaer County is seeking a scope change to remove a section of CR68 (Snyder's Lake Road) from Bloomingrove Drive to Troy Avenue, from the combined scope and proceed only with the Pershing Avenue portion of the project (Troy Ave to Peck Road). The county will not seek any approvals or Federal Aid for the Snyder's Lake Road portion of the project as it has been completed. The original scope and cost estimate for PIN1761.71 TIP#335 will become the total cost for the project. Originally this was 2 separate PINS 1761.76 and 1761.71 projects #335 and 337 that were combined for bidding and construction processes in August 2021.

TIP project R337 involved the resurfacing of Snyder's Lake Road. Due to the rapidly declining condition of the roadway the county resurfaced the road in September with its own funding.

TIP project R335 involves the resurfacing of Pershing Ave. The 2 projects were combined using this number in August. The county is committed to completing the project in the current fiscal year 2021/22

The proposed amendment is detailed in the table below:
