

Status of Solicitations

ADA Transition Plans

CDTC has hired The Chazen Companies to create adoption-ready Americans with Disabilities Act Self-Analysis and Transition Plans for municipal pedestrian infrastructure. We aim to fund a Self-Analysis and Transition Plan for at least two municipalities this year, and more as funding allows. We are now working with the City of Saratoga Springs and the Town of Glenville. The solicitation remains open.

A letter of commitment signed by the mayor, town supervisor or comparable elected leader is required for consideration. A municipal contribution will be required, either in matching funds or in-kind contribution. The amount to be provided will be considered in the selection process, as will the draft public outreach list and planned municipal staff participants. The application is available online at <https://form.jotform.com/cdtempo/self-analysis-transition-plan>. Please contact Carrie Ward at cward@cdtempo.org prior to submitting an application.

In 2014, NYSDOT and FHWA held an ADA webinar about municipal sidewalks. A number of CDTC's Planning Committee representatives requested formation of an ADA Working Group to work toward completion of municipal Transition Plans. The Working Group serves as a clearinghouse of useful information, encourages a consistent approach among the region's municipalities, and assists with methods of pedestrian facility data collection. CDTC staff collected a complete dataset of the locations and materials of all sidewalks within CDTC's planning area. As of March 2018, staff forwarded this data to each municipality with sidewalks.
