Re: Tip Amendment for S188 - Intersection Improvement

Dear Mr. Franchini,

Please see the below request for a TIP amendment regarding project S188 Erie Boulevard/Jay Street/Nott Street/ Front Street intersection improvement in the City of Schenectady.

1. TIP #S188: Erie Boulevard/Jay Street/Nott Street/Front Street intersection improvement

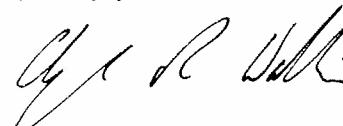

The City of Schenectady requests that the CMAQ funding for preliminary design and right of way incidentals currently shown on the TIP for federal fiscal year (FFY) 2014 regarding the above mentioned project be moved into the current FFY 2013. As a result of a previous TIP Amendment passed by the planning committee in May of 2010 all CMAQ funding was reallocated to FFY 2014. This amendment however will not allow the project to be completed as it forces all design, right of way acquisitions and construction to be completed within the same FFY. The City of Schenectady fully supports this project as its construction aligns with the master plan for the downtown corridor, the redevelopment of the ALCO riverfront property and proposed infrastructure improvements by the City.

TIP Project	Current TIP Data				Proposed TIP Data			
	Amount	Fund Source	Phase	Year	Amount	Fund Source	Phase	Year
