TIP No(s): R262  
NYSDOT PIN(s): 1757.37  
PROJECT DESC: Park and Ride Lots in US 20  
City of Rensselaer  
Rensselaer County

Dear Mike,

We are requesting consideration of an amendment to the CDTC TIP for removing the subject project. The total decrease is $0.133M.

1. **R262 (1757.37): Park and Ride Lots in US 20, City of Rensselaer**

This project was selected for the 2006-2007 TIP as a drawdown from RG1 Park and Ride Lots for carpools set-aside, implemented by CDTA with the City as sponsor. We are not clear as to how this project was selected as neither a need nor a location for the Park and Ride Lot has been brought to the City’s attention.

The City proposes to use the removal of this project as an offset for R249, PIN 1756.97, First Alley Connector Sidewalks.

Construction funding for this project includes inspection (supervision):  
__ yes ___ no ___ X NA (please check one). The estimate also includes an allowance for significant railroad flagging expenses.
If you have any questions about this request, please call Ozzie Priotti at 858-1206.

Very Truly Yours,

Sarah Crowell, AICP  
Director of Planning  
City of Rensselaer
