REQUEST FOR INFORMATION

Capital Region Bike Share Systems

Issued By

Capital District Transportation Committee

Albany, New York

July 2015

The Capital District Transportation Committee (CDTC) is the designated Metropolitan Planning Organization (MPO) carrying out Federal requirements for cooperative transportation planning and programming within the Albany-Schenectady-Troy and Saratoga Springs metropolitan areas. CDTC seeks Information and non-binding cost estimates for launching bike share systems that would serve all of the members of the Cities of Albany, Saratoga Springs, Schenectady, and Troy including residents, employees, commuters, tourists and other visitors, businesses, and students.

The intent of this RFI is solely to collect company information, estimates for capital and operations costs, and options for business and organizational bike share models from specific vendors/operators for planning purposes. Interested parties need not respond with information on both hardware/software provision and operational support. All information gathered will aid in the future development of a realistic budget, obtainment of funding sources, and the creation of an organizational structure to support a bike share system in the near term. Responses may be used in the development of future procurement procedures that will result in a contract to one or more successful vendors.

Latanya Sellie from the CDTC staff will serve as the contact for qualifications and administrative questions. Her telephone number is 518-458-2161. Please contact CDTC for a complete copy of the REI.

Responses will be due at 4:00 PM on Friday, August 7, 2015 at lsellie [at] cdtcmpo. org (no spaces).

Submission Due: August 7, 2015
Location: Albany, New York
