Amendments to the 2013-18 TIP

At its August 5, 2015 meeting, CDTC made the following amendments to the Transportation Improvement Program (TIP).

1. T6A (1824.01) and T89 (CDTC89) Elderly and Handicapped Vehicles

Map-21 expands the eligibility for funds in these projects to include such things as mobility management and other capital projects that improve access and mobility for seniors and individuals with disabilities, and operating and administrative costs.

Therefore, in order to accommodate the new eligibility, titles and descriptions of these two projects changes from

“Elderly and Handicapped Vehicles

Section 5310 Vehicles for Elderly and Handicapped Transportation by Private Not-For-Profit Agencies”

to

“Enhanced Mobility of Seniors and Individuals with Disabilities Program

Section 5310 mobility management and other capital projects, including vehicles, that improve access and mobility for seniors and individuals with disabilities. Operating and administrative costs are also eligible under this program.”

The funding information for these projects is not affected by this action, so it is not shown here.
